Donation of Medical Masks by VMR's Parent Company Heaven-Sent Gold

With the national lockdown eased to level 3, free travel will be permissible at most places in the country, which will potentially expose bigger challenges to fight the COVID-19 pandemic.

VMR is pleased to announce that, its parent company Heaven-Sent Gold Group (Hong Kong) have supported South Africa' fight against the COVID-19 virus by donating 60,000 medical masks, imported from China, to Discovery Health in South Africa. These masks can be used for both medical facilities and general public protection, and VMR sincerely hope they can be of assist to South Africa mitigating the increasing risk of COVID-19 spread.

VMR has also been notified that the parent company Heaven-Sent Gold Group (Hong Kong) is in the process of procuring more masks from China and will consider donating more masks to both VMR and general South Africa public, in the near future.

VMR urges all workers to wear masks and avoid gatherings as the country goes into level 3 of the lock-down.

Stay healthy and safe.
